**To:** Vens, Beth (EGLE)  
**Cc:** Zalewski, Trevor (EGLE)  
**Subject:** 11525 Van Dyke site visit  
**Attachments:** 11525 Van Dyke -Sept\_29.docx

Good morning,

Attached is the activity report from the 11525 Van Dyke site visit Trevor and I made yesterday.

Overall the site was in good condition. It was at least 90% covered with new vegetation. Some bare spots and the same weeds along the perimeter as the last site visit. There was dumping of yard waste and some trash along the Palmetto street curb.

Please let me know if you have any questions.

Thanks,

Katie Yates
